

Connie Wilson Performance Horses has been a full time labor of love since 1988. The beginning nearly 40 years ago, introduced to riding Hunter-Jumpers produced a State 4H Senior Hunter Division Champion and a Georgia Hunter Jumper Association 1st year Green Hunter Division Reserve Champion for the year...it was game on.

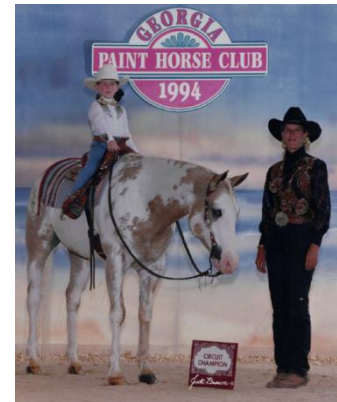

Next she would intern with top trainers locally and nationally with Hunters, Quarter Horses, Paint Horses, Appaloosa Horses, producing All Around horses that were competitive in the Western Division as well as hunters. This gave her a solid base of valuable experience to produce success in the show area throughout the years.

She and her clients have earned a World Championship, several Word Top Ten finishes in Open, Youth and Amateur divisions, produced multiple Top Ten, Top 20 and Honor Roll National year-end finishes. Numerous Register of Merits, Superior Titles, Versatility Champions, All Around Awards and local High Point Year-End Finishes.

After managing her own farm for many years, she ran several other facilities before becoming an independent contractor. Now enjoying the luxury of traveling to local private farms and boarding facilities to teach lessons and train horses, in the Hunter and Western disciplines is now the norm.

Showing local competitions, judging Open, Collegiate and 4H shows, has kept her busy in a lifelong passion she truly loves.

Imagine all of that stemming from being born in Lexington, Kentucky and as a 2 yr old child staring out the back door as the horses on Clavinet Farm. Connie now lives in Northern Suwanee, GA for the last 10 years, with the majority of her lessons and riding based out of Verse Noia Farm.

“My 23 year old daughter, Lindsay Henry” who has been showing since she was 2 ½, still takes time when she’s off her “Real Job” to assist me at horse shows. Many people, including my family, contribute to my success at a job I am truly blessed to work. I have many clients and horses I consider to be part of a large extended family”
